

LEAD TECH

LT20 Dual Head

small character inkjet printer

LT20 is designed to meet basic coding and production applications across a wide range of industries, fully satisfy the market demand for high quality and reliable printing printer. Friendly user interface, enable high efficiency of production, saving more costs

Easy Operation

WYSIWYG, easy operation
Modular design, high efficiency
Auto-cleaning function, less maintenance

Stable & Reliable

Stainless steel cabinet, rapid cooling
Double pump design, more stable pressure
and longer service life

Superior Quality

Water-proof keyboard, IP52
Fulled sealed electronic cabinet, dust-proof

Smart Ink System

Efficient utilization, saving production cost
High adhesion ink, meets various demand

Innovative Printhead

Auto-cleaning function, reduce nozzle blockage
Stable long-time performance, reliable quality

Printing Performance
1 -3 lines (7X5matrix) /per head
Max speed = 219m/min@7X5 /per head

Font Matrix
5,7,9,11,13,15,16,24

Display Size
5.7-inch display

Operating System
English

Print Content
English, Arabic numbers, Serial number, Bar code, Automatic date, User-defined Logo, Special character and QR code,Shift

Print Distance
Font Height: 1 -12.5mm
10 mm to 60 mm

Data Interface
USB,RS232

Protection Level
IP52

Nozzle
60 Microns

Umbilical Length
Super soft, length 3m

Printing Direction
360°all-round printing

Cartridge Volume
Ink (825ml)
Make-up (825ml)

Temperature/Humidity Range
-5-45°C
10-95% Relative Humidity,Non-condensing

Power
AC200-240V, 50/60Hz

Dimension
500mmX700mmX900mm

Net Weight
24KG
